60. To receive updates from the working groups.

All Working Groups disbanded until Parish Council is reformed.

-Website - ongoing

-Playground/footpath - inspection everything is fine, monitoring the wear on the floor around the swing etc.

Complaints received from the public regarding footpaths. The wooden bridge in Jubilee field corner has a snapped handrail and planks missing. Has been reported to NYCC, although appears to have had a DIY fix, unsure by whom.
The concrete pad in the cricket area has had reports of glasses/plates being smashed on it. Has been tidied up.
Skittergate to Field Lane has also been noted is overgrown with nettles and the children who use it to walk to school and are struggling to walk down it. NYCC have told the member of the public it is the Parish Council's responsibility. Clerk to investigate with grass cutters.

Thanks given to Robin Poskitt for fixing the football nets.

-Cemetary - House adjoining the field wanted to replace their fence and asked permission to remove brambles to allow the replacement. It has been noted that a substantial portion of the hedge has also been cut back.

61. Financials.

Councillors accepted and approved the financial reports.

Councillors approved Extraordinary Meeting 24th May 2022
